

Appendix C

ONTARIO GAMES SPORT TECHNICAL PACKAGE

Technical packages are a critical part of the Ontario Games. They guide the selection of athletes by prescribing the age and eligibility requirements, assist the organizing committees by detailing tournament formats and scoring procedures, help with all aspects of Games planning including transportation budget, meals, accommodations, etc. by describing the number of participants permitted.

Every participating PSO Games coach and/or manager has an obligation to read and understand every aspect of the Technical Package. Failure to do so could cost an athlete his or her eligibility for the Games or could affect final standings or the conduct of the competition. If someone does not understand an aspect of a Technical Package, he or she is to seek clarification from the Provincial Sport Organization or the Sport Alliance of Ontario.

If an individual wishes to initiate change to a Sport Technical Package, the request should be directed to the Provincial Sport Association. Sport Technical Packages are reviewed and negotiated with the Sport Alliance of Ontario and the hosting Games Organizing Committee approximately 12 - 14 months from the games. Change will not be accepted after the Technical Package has been approved for the games without consent of all three parties.
