ONTARIO GAMES SPORT TECHNICAL PACKAGE

Technical packages are a critical part of the Ontario Games. They guide the selection of athletes by prescribing the age and eligibility requirements, assist the organizing committees by detailing tournament formats and scoring procedures, help with all aspects of Games planning including transportation budget, meals, accommodations, etc. by describing the number of participants permitted.

Every participating PSO Games coach and/or manager has an obligation to read and understand every aspect of the Technical Package. Failure to do so could cost an athlete his or her eligibility for the Games or could affect final standings or the conduct of the competition. If someone does not understand an aspect of a Technical Package, he or she is to seek clarification from the Provincial Sport Organization or the Sport Alliance of Ontario.

If an individual wishes to initiate change to a Sport Technical Package, the request should be directed to the Provincial Sport Association. Sport Technical Packages are reviewed and negotiated with the Sport Alliance of Ontario and the hosting Games Organizing Committee approximately 12 - 14 months from the games. Change will not be accepted after the Technical Package has been approved for the games without consent of all three parties.

6.0 QUALIFYING PROCESS

The province has been divided into 7 regions. Each region will have a regional qualifying race in 2009. The top 3 males and 3 females in the 14-15 year old category (age in 2009) will qualify for the OSG. There will be an application process for these athletes and a hard deadline for the return of the applications. Any qualified athlete who fails to return the application by the deadline will lose their sport and it will go into a roll down in 2010. In 2010 a single event will be held, probably in the Golden Horseshoe area. There will be 6 wild card spots (3 of each gender) plus any unclaimed sports for 2010. Athletes from any region can compete for these spots. They will be awarded in a roll down until all positions have been filled.

7.0 RESULTS / MEDALS

7.1 Results

If you can provide us with detailed digital results at end of play this information will be posted within hours onto the web site. We will need your help to do this.

How are your results generated and will you be set up to provide digital results at end of play? How long will it take to have these results ready? Please add other relevant points or comments.

Most timing programmes are able to provide results within minutes. We will use whoever is local but we need to determine exactly what they have prior to making a final commitment to the OSG

7.2 Medals

Please indicate your medal requirements. This information will be used to purchase the required number of medals for the games.

	Medals		
	G	S	B
Men Individual, Women Individual	2	2	2
Team	3	3	3

*Will your PSO be presenting provincial championship medals at the Games? **NO**

8.0 VOLUNTEERS

Pre and post game volunteers.				
Please advise us of your need for venue set-up and take down	Number of volunteers	Skills needed	Average time to accomplish tasks	Other relevant information
Venue Set-up volunteers	12-15	General labour except for setting the swim markers where a boat will be required	2H	Marker anchors can be placed the day before and marked to reduce set up time. Children would not be appropriate to do the build out – fences and gates will have to be moved.
Venue Take-down volunteers	12-15	As above	2H	No children – see above

*** Please note – PSO Major Officials are to be recruited by the PSO with approval by the Games Organizing Committee and will not be considered GOC volunteers. The GOC will recruit all other necessary volunteers as outlined by the PSO and as deemed necessary by the GOC. Any GOC volunteers recommended by the PSO must register through the regular GOC Volunteer Registration Process.**
