MESSAGE FROM THE MINISTER

As Minister responsible for Sport, I am pleased to acknowledge the tremendous achievement of the athletes, coaches, officials and volunteers in being chosen to represent our province at the 2007 Canada Winter Games.

Through your talent, drive and dedication to your sport, you have earned the opportunity to test your skills against the finest young athletes from across Canada. It is a rare privilege to be involved in a Canada Games, and I believe your participation will be an enriching experience for you, creating memories you will cherish for years to come.

Athletes rarely achieve their goals without the help and encouragement of parents, coaches, volunteers, friends and fellow athletes along the way. Those supporters will be joined by all Manitobans in celebrating your efforts as you rise to the challenge in Whitehorse.

Eric Robison
Minister responsible for Sport
Minister of Culture, Heritage and Tourism

MESSAGE FROM SPORT MANITOBA

Congratulations on being selected to represent our province as a member of Team Manitoba for the 2007 Canada Winter Games.

Sport Manitoba is proud to be responsible for the overall organization of Team Manitoba and assisting your efforts in achieving your sport development goals on the national stage. The Canada Games have a tremendous positive impact on sport and personal development and as such are a high priority for us.

We can all be inspired by some of our province's finest athletes who have been members of Team Manitoba – Cindy Klassen, Shannon Rempel, Susan Auch, Cam Barker, Kerry Burtnyk and your Honourary Captain Jennifer Botterill. May these Games be your stepping stone to the same kind of success they have enjoyed.

The Canada Games are a unique sport development opportunity. They foster teamwork, spirit, an opportunity to achieve individual and team goals and to develop new relationships. As we celebrate the 40th Anniversary of the Canada Games and the first hosting of the Games in the Territories, it will be a memorable experience for all involved.

Enjoy the moment. Go all out in your competition. Help make Manitoba proud at the podium.

Sincerely,

CHEF DE MISSION

Congratulations and welcome to Team Manitoba's 2007 Canada Winter Games Team.

As Chef de Mission, I am honoured to be working with such an exceptional group of athletes, coaches, team leaders, and volunteers. The time and effort you have dedicated to prepare for the Games is tremendous and your selection is a reflection of your commitment to Team Manitoba.

I would like to thank the Province of Manitoba and Sport Manitoba for their support of Team Toba. As well, I would like to acknowledge our corporate sponsors, Red River College and Mondetta.

We are proud to have both their support as we strive for excellence in Whitehorse.

Your mission staff is working diligently behind the scenes to make sure your Games experience is positive. We have assembled a group of experienced and positive volunteers who are available to help you with whatever you need.

For some of you, participating at the Canada Games is a once in lifetime event. Take advantage of the opportunities and experiences that Canada's multi-sport event presents. You have done the work and the preparations are complete so now is the time to strive for outstanding performances and to build friendships between teammates, competitors, officials, and volunteers from across Canada.

Best wishes to Team Manitoba.

"The difference between ordinary and extraordinary is the little extra"
Cliff Wurtak, former Canada Games coach

MESSAGE FROM HONOURARY TEAM CAPTAIN JENNIFER BOTTERILL

Dear Team Manitoba,

Congratulations to all of you! This is a very exciting time and you can enjoy the journey leading up to the Canada Games this February. This will be a special experience for you and one that you should definitely make the most of. The Canada Games that I attended was an amazing event! I look back and strongly value my time with Team Manitoba at the Games. I know that it was an important step in my athletic career and my development as a person. It certainly helped me reach the next level to train with the National team and eventually make it to the Olympics.

One theme that I remember clearly from my team that attended the Canada Games was the idea of “no regrets”. Our coach would say that it was good to strive to do everything possible to achieve your dreams. We did not want to look back and wish that we had done something more to reach our goals and to pursue our potential. To this day, I still love the idea of making the most of each day and of having no regrets. I also encourage you to pursue excellence in all areas of your life.

There are so many lessons that I have learned through sport, and I think one other important message is to be grateful. I have always felt fortunate to have the opportunities and experiences that I have had. One little saying of mine is that I would often have “moments of appreciation” where I could have a minute to take it all in. Another very key lesson that is connected to this idea, is to also appreciate the people around you. Along with being the best that you can be, it is also nice to bring out the best in everyone you are surrounded by. A positive attitude and good energy can be so contagious for your team.

I hope that you can all have many “moments of appreciation” as you prepare for the Canada Games, and during your time there! One of my favourite quotes is that “Success is a journey, not a destination”. ENJOY this journey, make the most of each day, and believe in your dreams. I wish you the very, very best.

Sincerely,
Jennifer Botterill

Jen is a member of Canada’s National Women’s hockey team. She is a two-time Olympic gold medal winner and four-time World Championship gold medalist. She played hockey for Harvard University and holds the NCAA career scoring record in which she scored in 106 of her 107 games. Jen won the Patty Kazmaier Award, presented to the top player in NCAA women’s hockey, in consecutive years. She competed at the 1995 Canada Winter Games in Grande Prairie, Alberta and helped Team Manitoba win a silver medal in ringette.

HONOURARY MEN'S HOCKEY TEAM CAPTAIN TODD DAVISON

Todd Davison was named as the Honourary Team Captain for the 2007 Canada Winter Games men's hockey team on November 22, 2006. Todd passed away ten days later on December 2, after a two and a half year battle with cancer. He was an exceptional hockey player with strong leadership skills and was never afraid to mix it up with the larger opponents he faced.

From very early it was evident that Todd had talent with his agility and quickness. He played AAA Midget hockey in Manitoba and was drafted to the Regina Pats of the Western Hockey League. His skill, focus and hard work earned him a spot on the team at the age of 16. In 2003, he served as the assistant captain for the Team Manitoba men's hockey team at the Canada Winter Games in Bathurst/Campbellton, New Brunswick.

Todd was always a fan favorite. He was not the biggest guy on the ice but his passion for the game, his hockey smarts, his skill and his feistiness had everyone cheering him on. Comments from his billets, fans and coaches described Todd as a very polite and respectful young man, who they would be proud to call their own.

In 2004, Todd was diagnosed with synovial sarcoma for which he received chemotherapy and radiation treatments for many months. Despite this, Todd still managed to live a full and active life. Up until the day he died he coached the AAA Midget Winnipeg Thrashers, worked at Focus Fitness in Winnipeg training young hockey players, studied at the University of Manitoba, and played recreational hockey.

Todd also created the Believe in the Goal organization, which put on the Sizzlin' Summer Showdown last August. He brought in players from the NHL, AHL, and Canadian National Jr. Team for a charity hockey game, which raised over \$50,000 for CancerCare Manitoba.

Todd was self-motivated and lived every moment to the fullest. His infectious personality made everyone around him feel good. Todd personified what it meant to be a high performance athlete. He may have been small in stature but he made up for it with everything else did on the ice. And as good as he was on the ice, he was even better off it.
